Counsel for Commerce Board Has Private Papers Revealing Greater Scandal Than Was Surmised—Says He Can Show Who Got Money.

(Special from a Staff Correspondent.)

WASHINGTON, May 16 .- Examination of the official documents and private papers now in possession of Counsel Folk of the Interstate Commerce Commission reveal greater financial scandals in the looting of the New Haven Railroad than even were surmised. In the first reve- Totals 2 8 27 lations there was the comparatively petty graft of politicians and boodlers of various degrees in New York, Boston and nearly every city of Connecticut. But over and above all was the gigantic schemes of the bankers J. Kelly, cf...... to unload on New Haven the securities of corporations in which they Mowrey, 3b 0 were interested and take millions of profit out of the transactions. Bold Konetchy, 1b 0 assertion is made by Counsel Folk that he can show where the money Mitchell, rf...... 0 went to the highest source and who was responsible for the carnival of financial plunder.

There is more of the New York political graft exposure coming. The \$1,300,000 which ex-President Mellen testified he spent buying up Westchester stock and getting franchise rights changed through the late Police Inspector Hyrnes, is merely a beginning of the revelations. Westchester stock was the convenient means o bribing through a lot of things New Haven wanted in New York. It was used to clean up a blockade in securing docks and exclusive privileges

slong the water front. The Evening World has obtained the lists of stockholders of both the New York, Westchester and Boston Italirond Company and its principal County Contract Company, as the Juul, p. 0 names of record appeared in 1906, Griggs when Oakleigh Thorne began the first Chouinard. campaign of buying up stock and scattering \$11,000,000 of New Haven money for a little over \$3,000,000 of actual property. Second Suicide at Same Place.

MIDDLETOWN, N. Y., May 16 -- Oliver Hasbrouck, 58 years old, proprietor a greenhouse on Lake avenue, this committed suicide early to-day by hanging in his barn. It is said the cause of the act was the fact that his son, who had lived with him, had removed to another part of the city against his wishes. Three years ago Michael McCans, who conducted business at the same place, committed suicide by cutting his threat.

It was understood at the Criminal Courts Building to-day that Mary Cirofici, sister of "Dago Frank," who was in the death bouse at Sing Sing when her brother is alleged to have made his confession to Father Cashin, would be the last witness to be called by the prosecution. She will be questioned about the statement

made by : r brother before his death. The defense is expected to open its case Tuesday morning and to have all its direct testimony in by Saturday. This will be followed by rebuttal testimony on the part of the prosecution and then sub-rebuttal by the defense. It has been figured out that by a week from next Saturday all the testimony will be in and the case will be ready to go to the jury. It is expected that Becker himself will be called as the first witness of the planned, never occurred, and to prove further that the former police lieutenant had no knowledge whatever of the killing.

Becker's wife will also be put on as a witness in rebuttal of many of the points scored by the prosecution. Assistant District Attorney Groehl. who has taken off the hands of Mr. Whitman the work of preparing witnesses to go on the stand and of learn ing just what the prosecution can

Threat to Invade Capital Compels Dictator to Promise Immediate Investigation and to Deliver Consul Silliman Safely.

TROOPS CONTINUE PLANS FOR MARCH ON CAPITAL.

Ultimatum Demanded Official Reply and None Has Yet Been Received by the State Department.

WASHINGTON, May 16 .- Quick action 'w the United States has forced Gen. Huerta to comply with the Administration's demand for news of the fate of Vice-Consul John R. Silliman, held a prisoner in Saltillo, and Private Samuel Parks of the Twenty-eightn, who disappeared outside the American lines at Vera Cruz.

Spanish Ambassador Riano to-day received a despatch from the Mexican Miniger of Foreign Affairs stating that a vigorous investigation would be made by the Huerta authorities concerning the disappearance of Parks. The despatch was in reply to a note from Mr. Riano calling attention to the fact that the United States felt that the withholding of this news was an act of hostility.

At the same time the British and Brazillan Ministers in Mexico City wired the State Department that they had been informed by Huerta's Ministers that Consul silliman was even then on his way from Saltillo to Mexico City, where he will be delivered to the Brazilian Minister and furnished with a safe conduct into the American lines at Vera Cruz.

However, no official reports have been received by the State Depart- would result in an immediate come ment from the Huerta Government, tion of the mediation programme.

PARKS SAID TO HAVE BEEN KILLED BY FEDERALS. The ultimatum declared that the United States considered Huerta's ac-

tion to be an act of hostility, in violation of the armistice agreement and for a time it was thought the army under Gen. Function would receive orders to advance upon Mexico

Secretary Bryan declared to-day his representations to the Huerta Government in the Parks case "were urgent." While he would not specify the exact nature of these demands, he declared they bore solely on the defense to prove that the alleged "Har-lem conference," at which, it is alleged, the murder of Rosenthal was finally pires—Cross and Anderson.

ment that "we assume Parks is dead," it was announced that this was a telgiving his apparently authoritative "understanding" that the private is dead.

Bryan declared no reply has con from Huerta. This was indicated by Secretary of

War Garrison, who said: "I have been told that Mr. Bryan has advised Huerta that this Government would consider the murder of Parks an hostile act if the reports concerning his fate are true."

There were two theories concern ing the probable action of the Admin. Intration. The first was that President Wilson might hold Huerta personally responsible for the disappear- ada at Vera Cruz. ance of the two men and order the army to move toward Mexico City.

The second was that he might order Admiral Badger to take Puerto Mexico as a reprisal for Huerta's sendust. Either of these movements

Mr. Garrison is understood to have advised the Preseveral days age to tell Huerte flatly that if Silfiman and Parks were not produced within twenty-four hours the United States forces would precood to release them. If they had been killed, the army would capture Huerta, dead or alive. CONSUL SILLIMAN HAS LEFT

SALTILLO, IS REPORT. When it was first reported that Consul Silliman-had been Impris at Saltillo by the Federals, Secretary of State Bryan took steps to obtain the Consul's release. Huerta sen! only evasive replies. Last night, bowever, Sir Lionel Carden, the British Minister at Mexico City, advised Sir Cecil Epring-Rice, the British Ambassador here, that Mr. Millman left Saltillo Thursday for Mexico City. Sir Lionel said he had received theen

advices from the British Vice-Consui at Saltillo. Further assurances reached the State Department to-day from the Brazilian Minister in Mexico City that Silliman is en route to Mexico City, but that his arrival has been delayed by interrupted railroad coniltions. Latest reports state that be should have reached the Mexics capital last night or early to-day, but that transportation operations were

very uncertain ANOTHER SEAPORT IS HELD BY REBELS.
